

New Look Kemtile Website

It's fresh, it's clean and it's new. The new Kemtile website has all the features and information you would expect from one of the leading suppliers of hygienic flooring to the food, drink and pharmaceutical industries and it looks as crisp and clean as the facilities they supply.

The site has information on projects, products and services. There are photographs of completed projects and a comprehensive technical library of documents to download. There is information on Kagetec ceramic floors, Ucrete seamless flooring systems, Wiedemann stainless steel drainage, stainless steel kerbs and the Protectorseal wall coating system.

There is also a quick click way to contact the key personnel at Kemtile. So look no further. The Kemtile website is your one stop shop for building a hygienic manufacturing facility. For more information visit the website at www.kemtile.co.uk or phone 01925 763045.
